

REMARKS

The above listing of the claims shows the claims pending in the present application following entry of the amendment mailed on 10/19/05 which was submitted with the RCE in filed in October 2005.

The Notice of Non-Complaint Amendment mailed 4/20/06 noted that the previously provided listing of the above claims identified claims 1, 11, 14 and 39-42 with the status identifier of "Previously pending" and stated that this identifier was not valid, and that appropriate correction of the status identifier should be provided.

The above listing of the claims has corrected the status identifier for the claims 1, 11, 14, and 39-42. Specifically, this correction provided for changing the status identifier for these claims to "Previously Presented".

The Notice of Non-Complaint Amendment provided that correction was required only for the corrected section of the amendment. Hence to avoid duplication, and possible confusion, the detailed discussion provided for in the RESPONSE TO OFFICE ACTION, which was mailed to the USPTO on 1-27-06 will not be repeated herein.

CONCLUSION

For the reasons set forth in the RESPONSE TO OFFICE ACTION, which was mailed to the USPTO on 1-27-06, and in light of the corrections above, it is believed that all claims present in this application are patentably distinguished over the references. Therefore, reconsideration is respectfully requested, and it is requested that this application be passed to allowance.
